

Watermelon and Kiwi Pops

Total Time: Several hours

Instructions

1. Place all watermelon in a blender and process until smooth
2. Place kiwi slice in popsicle mold
3. Fill popsicle molds with watermelon juice
4. Place top on if the mold has it, or place molds in the freezer for 30 minutes and then put popsicle sticks in
5. Place in freezer until solid, duration will depend on your freezer

Ingredients

- 5 cups of watermelon, cut in pieces
- 5 kiwis, peeled and sliced small enough to fit in popsicle molds
